ASSUMPTIONS:
1. All dimensions in mm, estimated to approx. 0.5 mm.
2. Wall thickness of each piece is shown with one line (thin-wall), so inside walls coincide with outside faces.
3. Small vertical ribs along the inside bottom edges of each piece are not shown.
4. LEGO/DUPLO text is not shown; studs are shown as single circles.
5. Hidden lines show the underside tubes (ending about 2 mm above the bottom of each piece) and the studs plugged into the piece above.
6. Tangent edges (curved surface blending into a flat surface) are not drawn.
7. Third-angle projection.
